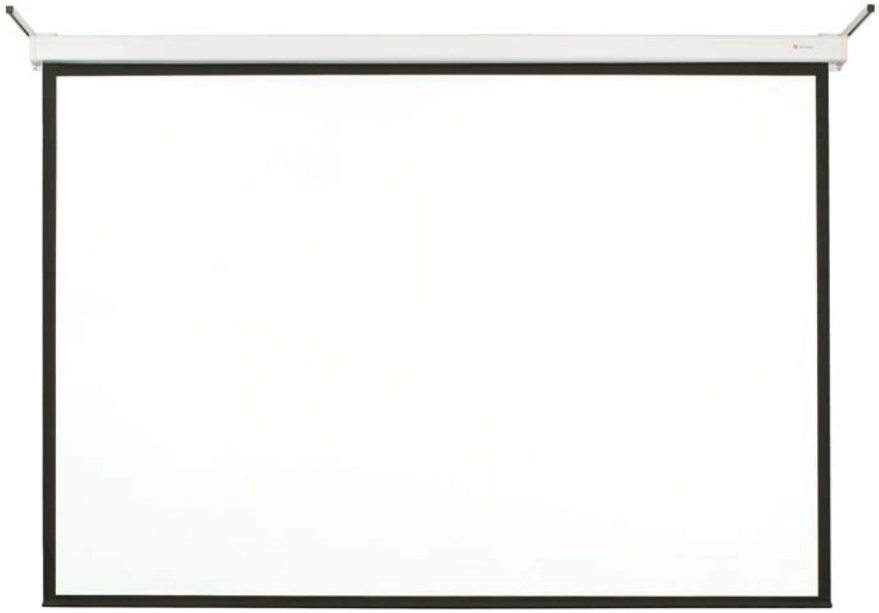
BRETFORD BASICS™
ELECTRIC WALL PROJECTION SCREEN

SERIES 700
24v LOW VOLTAGE ELECTRIC
WALL PROJECTION SCREEN



FEATURES

- Designed for permanent wall installations using an electrical outlet as a power source in classrooms, conference and training rooms, and smaller auditoriums and lecture halls.
- Screen available in Matte White fabric with black borders for added picture contrast. The 8 foot and 10 foot screens feature seamless fabric. Fabric is fire resistant and can be cleaned with a mild soap and water.
- Unique Wall Mounting Brackets included with the screen, actually lock the screen onto the bracket - very sturdy, very stable. Screen mounts flush to 18" out from the wall. Durable steel case has built in mounting holes, is finished in white scratch resistant paint
- Features a 20 foot, three bladed power cord that plugs into any grounded wall outlet. Power cord includes a manual up/down switch for powering the screen.
- Each screen includes a wireless up/down remote control to raise or lower the screen to the desired height and powered with a 23AE 12-volt battery. All screen remote control units work on the same frequency and multiple screens can be controlled by a single remote control.
- Motor has lifetime lubrication, automatic thermal overload cut-off, and brake for stopping at any point or when fully extended or retracted.

DIMENSIONS
